“Strategic Finance & Advanced AI Infrastructure”

Empowering Sustainable Growth Through Structured Capital & Digital Intelligence

About Aurelian Group

Aurelian Group is a Malaysia-based strategic advisory and technology firm dedicated to bridging the gap between institutional finance and high-performance AI infrastructure.

✓ **Strategic Advisory:** Through Aurelian Advisory, we empower businesses with structured financing, debt solutions, and corporate legal strategies. We work closely with licensed partners and financial institutions to ensure liquidity, expansion, and long-term sustainability.

✓ **AI Infrastructure:** Through Aurelian AI, we provide the digital backbone for the next generation of business. We specialize in high-throughput LLM Token APIs and enterprise-grade AI services, enabling resellers and developers to scale with precision.

✓ **Our Mission:** We combine relationship-driven professional advisory with cutting-edge digital intelligence. Whether providing growth capital or the "Intelligence-as-a-Service" required to utilize it, Aurelian Group is the partner for the modern entrepreneur.

Vision & Mission

Vision

"To be the leading regional powerhouse that bridges institutional finance with advanced AI infrastructure, empowering businesses to scale through reliable capital and intelligent technology."

Mission

To reflect both Aurelian Advisory and Aurelian AI, I've integrated your core ethics with your new tech capabilities:

- To deliver ethical, results-driven advisory and AI infrastructure services.
- To simplify access to both growth capital and high-performance LLM technology.
- To build a robust ecosystem of professional financial partners and tech innovators.
- To create sustainable value through strategic financial structuring and AI-driven efficiency.
- To empower clients with the tools—financial and digital—to dominate their respective markets.

Group Structure

Aurelian Group operates through two core divisions, delivering a unified ecosystem of Capital and Intelligence to SMEs, entrepreneurs, and corporate clients.

AURELIAN
ADVISORY

We specialize in structuring and sourcing financing solutions for individuals,
SMEs, and growing enterprises.

Financial Advisory & Consultation

Our Core Services

SME Financing Solutions

We assist small and medium enterprises in securing financing for working capital, expansion, and operational needs.

Our services include:

- SME term loans
- Working capital facilities
- Loan restructuring and resubmission
- Financing solutions for previously rejected cases

Personal Loan & Credit Restructuring

We help individuals improve approval chances through proper financial structuring and multi-bank application strategies.

Services include:

- Personal loans
- Credit card restructuring
- CCRIS review and improvement strategies
- Loan compression across multiple banks (case-dependent)

Our Edge:

Pre-approval eligibility assessment

Loan optimization strategy

Expedited approval processing

Collateral Financing Solutions

For clients with assets, we provide financing solutions secured against collateral, enabling higher approval rates and more favorable terms.

We accept a variety of collateral including:

- **Luxury Bags** (e.g., Hermès, Chanel, Louis Vuitton)
- **Luxury Watches** (e.g., Rolex, Patek Philippe, Audemars Piguet)
- **Gold** (Bars, Coins, Jewelry)
- **Cars** (Luxury & Premium Vehicles)
- **Real Estate** (Residential & Commercial Properties)
- **Machinery** (Industrial & Equipment)

Key Features:

Fast Liquidity – Unlock cash without selling assets

Competitive Rates – Lower than unsecured financing

Flexible Terms – Short-term or structured repayment

Asset Retention – Keep ownership while accessing funds

Debt Recovery Solutions (Via Strategic Legal Partners)

We work closely with experienced legal recovery partners to assist businesses in recovering outstanding debts.

Services include:

- Pre-court debt recovery
- Legal debt recovery
- Negotiation and settlement
- Asset recovery and enforcement (case-dependent)

Successful recovery often restores client confidence and opens pathways for further financing and restructuring solutions.

Key Solutions:

Single-Loan Consolidation – Streamline multiple debts into one manageable payment.

Creditor Negotiations – Reduce outstanding balances by up to 60% through settlements.

Credit Score Rehabilitation – Repair CTOS/CCRIS records and rebuild financial health.

Wholesales Gold Bar

Wealth management, and strategic investment solutions

What Are Wholesale Gold Bars? Min. 500g

Pure gold bullion (99.5% - 99.99% purity)

Large-volume purchases (lower premiums than retail)

Certified & legit receipt, recognized refiners

Key Benefits

Lower Cost per Gram – Bulk discounts vs. jewelry/coins

High Liquidity – Easy to sell globally

Inflation Hedge – Stable value during economic uncertainty

Privacy & Security – No ownership paperwork (vs. digital gold)

Why Invest in Wholesale Gold?

Portfolio diversification – Reduces market risk

Fast liquidation – High demand in crises

SCAM-FREE – Avoid counterfeit risks with certified bars

Best For: High-net-worth investors, businesses, long-term wealth preservation

AI

The Digital Backbone

This page introduces the technical superiority of the platform.

High-Performance LLM Infrastructure

Aurelian AI provides a unified gateway to the world's most advanced Artificial Intelligence models. We eliminate the complexity of multi-platform management by providing a single, high-throughput API for developers, enterprises, and resellers.

Unified API Integration: Full compatibility with OpenAI, Claude, and Gemini architectures.

High-Concurrency Performance: Engineered for high-volume requests with zero latency lag.

Enterprise-Grade Security: Encrypted data transmission ensuring proprietary prompts remain private.

99.9% Uptime Guarantee: Reliable infrastructure designed for 24/7 automated business operations.

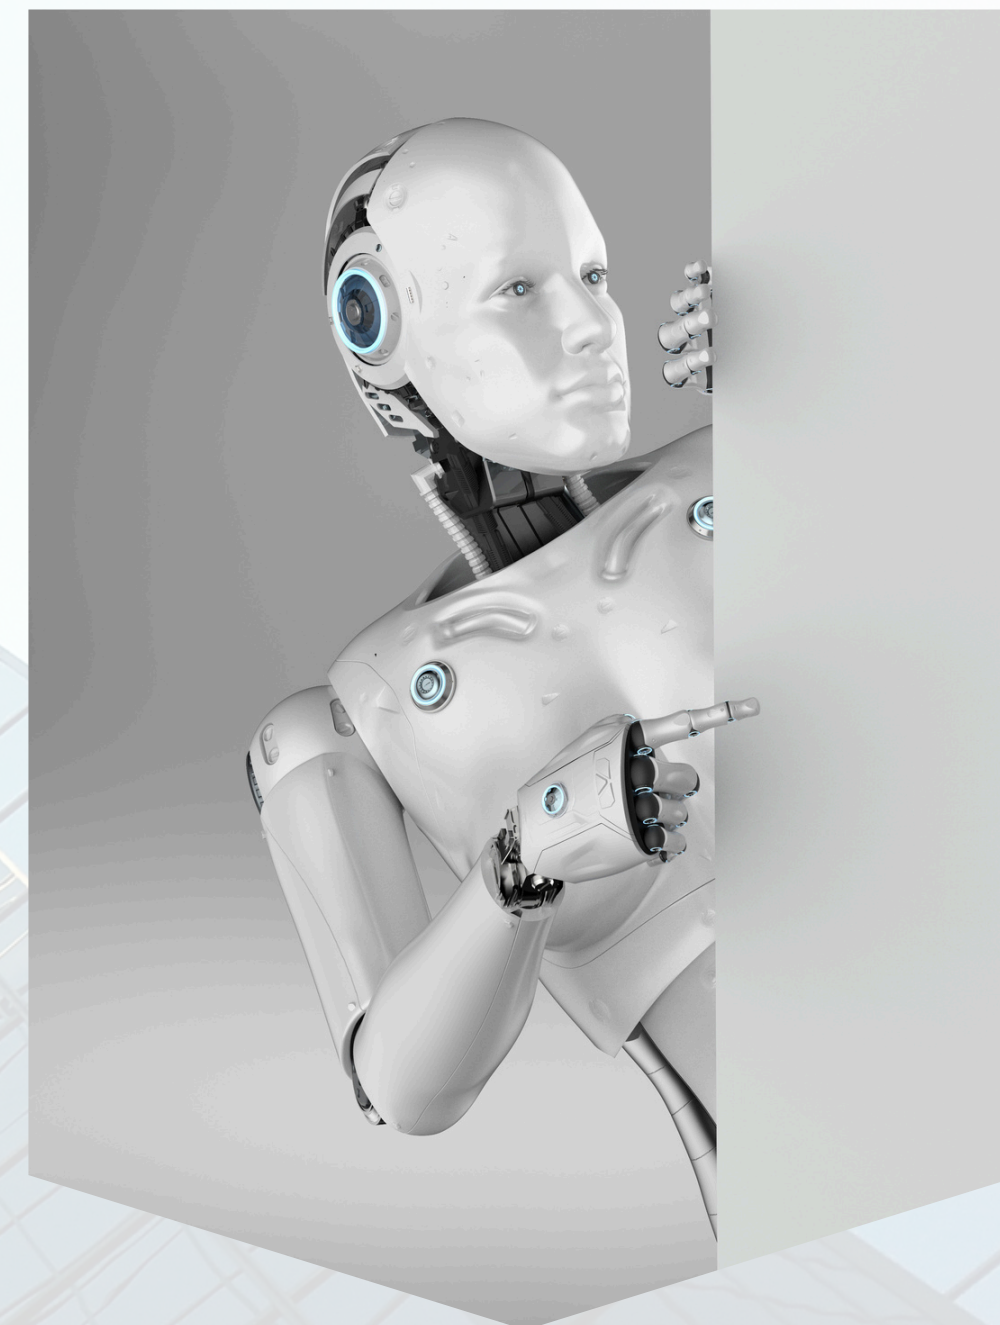

Our AI Ecosystem (The Models)

The "Intelligence" we are providing

Intelligence on Demand

We provide instant access to a curated selection of industry-leading Large Language Models (LLMs), optimized for speed and cost-efficiency.

- Advanced Reasoning: Access to GPT-4o and Claude 3.5 Sonnet for complex financial analysis and legal strategy.
- High-Speed Processing: Utilizing Gemini 1.5 Flash and Llama 3.3 for real-time customer service and high-volume data sorting.
- Global Accessibility: Deploy AI solutions across borders without regional API restrictions.
- Token Optimization: Intelligent routing to ensure you get the highest quality output at the lowest possible cost-per-token.

Strategic Partnership & Reseller Tiers

Focuses on the "Whale" clients and the ROI potential.

◆ Scalable Growth Partnerships ◆

Aurelian AI is built for partners. We offer a structured "Reload & Reward" system designed to maximize the ROI for our enterprise resellers and high-volume users.

- **Volume-Driven Economics:** As your usage scales, your cost-per-token decreases, widening your profit margins.
- **Flexible Deployment:** Dedicated dashboards for resellers to manage sub-users and credit distribution.
- **Institutional Support:** Direct technical consultation and integration support for Aurelian Group partners.
- **Strategic Advantage:** Combines **Aurelian Advisory's** financial structuring with **Aurelian AI's** technological edge to create a truly automated business ecosystem.
